REVISION

We aim to finish teaching by February Half Term 2025. This will allow teachers to start revision after the break. We offer revision sessions and evening schools to support revision.

We will also provide students with bespoke revision packs which support students to reach their potential. These resources will be stored on students iPad either using the OneDrive app or the OneNote app.

HOW TO HELP YOUR CHILD IN HISTORY

The biggest help we can receive from parents is testing students on their knowledge.

We have produced a series of knowledge quiz booklets. Please try to test students 3-4 times a week on a variety of topics. They contain the key learning that everyone must know if they wish to achieve a good grade. The knowledge test booklets can be found on OneNote, please use the link below:

These will also be emailed out via ParentMail. Please look out for emails from the History department.

Also encourage your child to access the revision resources on OneNote. These include practice question booklets which will help students with exam technique and resources such as revision cards which you could help to test student's knowledge at home.

Finally encouraging students to access the following resources will also help to improve their grades.

- **GCSE Pod** - Students can use GCSE Pod to watch videos 3-5 minutes in length. The department has created question booklets that students answer. It would then benefit students to be tested on this knowledge – so please ask to see their booklets. This can be accessed via their iPads and students should email their teachers if they have forgotten their login details. <https://www.gcsepod.com/>
- **Massolit** - This resource contains a series of lectures on Ancient History. This will help students to recap their knowledge and extend their knowledge for the top grades. Students can sign up to the website using their @jhs.pkat.co.uk email address. <https://massolit.io/>
- **Historical Association** – This resource contains a series of podcasts, articles and more to help students recap and extend their knowledge. Students should ask their teacher for the login details. <https://www.history.org.uk/>
- **Educake** - Student have a login for the Educake app which can be accessed via their iPads. Students can create their own self-marking quizzes which can be used for testing knowledge and finding areas they need to improve on. <https://www.educake.co.uk/>
